

Transfer Station Permit Policy

Purpose:

To control the use of the Groton Transfer Station to ensure only residents are using the Transfer Station which will also help control the number of items being brought to the Transfer Station.

Policy:

Effective June 1, 2020 Transfer Station Permits will be required in order for residents to use the Groton Transfer Station. These permits can be obtained through the Town Clerk and will be \$1.00 per permit. Each resident will be allowed to obtain one permit per vehicle. It is required that these permit stickers be placed in the upper left corner of the windshield.

In the event a resident is having someone stay at their residence for a week or more, the resident can write a letter to the Town Clerk explaining the dates of the stay, along with who is staying there, and a temporary guest permit can be issued.

A complete list of names and license plate numbers for all who have obtained permits will be kept at the Town Clerk's office and a copy will be kept at the Transfer Station.

The Town has the right to limit the amount of house hold trash being brought to the Transfer Station. Any amount to be found excessive will be charged at a rate of \$5.00 per bag.

Adopted by the Groton Select Board with an effective date of June 1, 2020,

John Rescigno, Chair

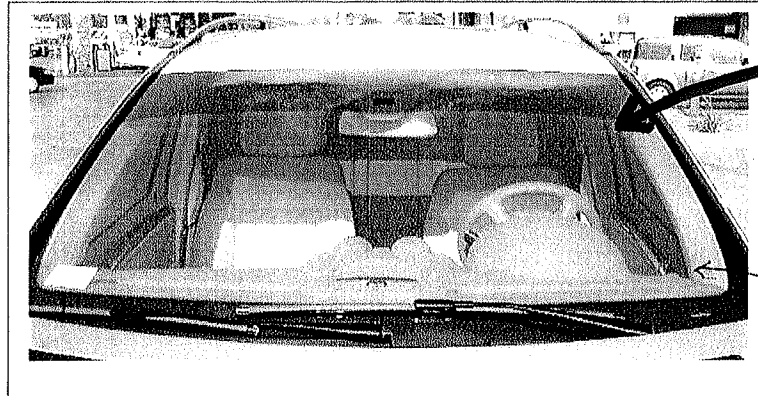

Tony Albert

Ron Madan

Date: 05/19/2020

Please attach your Transfer Station Sticker in the upper left corner of the windshield same side as the inspection sticker. They are designed to be attached inside the glass.
