

Planning Board January 22 2020

Members Present: John Rescigno, Russ Caruth, David Madden, Dave LaBar, Kristina Brodie, Deb Johnson, Ray Blake

Members Absent: none

Meeting Open: 7:04 PM

Members from the Planning Board, Select Board, and Conservation Committee meet to speak with Rebecca Hanson. Rebecca Hanson serves as the chair of the Plymouth Planning Board and the executive director of the Newfound Lake Region Association.

Rebecca answered many questions from both boards and the Conservation committee. She shared her knowledge of funding available for some of the concerns we have as a town that also effect Newfound Lake. We discussed the possibility of DES helping grant Lake Committee funds to help clean the water in Groton, as we do play a large role in the lakes water quality.

Last meetings minutes were discussed, edited, and motioned for approval by David Madden, Kristina Brodie seconds this motion, all in favor.

We briefly reviewed material from the select board for a proposal for MIT to expand their recreational camp in Groton. Materials on the proposal will be distributed to PB Members and will be reviewed and discussed during the February meeting.

No further business was discussed.

Deb motions to close the meeting at 8:09 PM, Ray Blake seconds this motion, all in favor.
